Prior to enrolling in P3 electives, students must discuss their chosen electives and seek the approval of their assigned professional development mentor(s) within their curriculum track. Students, please answer the following questions prior to meeting with your mentor(s).

1. Briefly describe your current educational and professional goals. What do you envision doing after graduation?

2. A minimum of nine (9) semester credit hours of elective courses (5000 or above) is required for the Doctor of Pharmacy Program in the P3 student year. The purpose of the P3 elective requirement is to allow students to take specialized courses, which build upon knowledge gained in the P1 and P2 curriculum. The P3 electives should aid a P3 student in meeting their individual career goals, completing their PharmD project, and/or complement other coursework in their chosen curriculum track.

Identify the elective courses that you intend to take during your **P3 Summer/Fall** (minimum 3-4 credits):

Course number	Course title	Credit hours
